Dear Tom

Running the UK's largest Europcar franchise along with several other businesses means we have multiple IT platforms at multiple sites.

You and your team have taken the time to understand our business and offer help and advice to the staff, even when the issue is not your responsibility.

When we are looking to upgrade you always listen carefully to our requirements and only suggest what is needed, rather than trying to spend the full budget.

Your ability to be flexible with your working times to fit around our long opening hours and all at an extremely competitive price make yours the best value service I have found.

I would have no hesitation in recommending you to my friends, colleagues and business associated.

Yours sincerely

Lee Underwood  
Managing Director

An independent business owned and operated by Autohorn under the Europcar name as a licensee of Europcar Group UK Limited
